

WEEK THREE — THE DIVINE DECISION MAP™

Mapping the crossroads before you.
Interpreting the signals.
Following the thread.

★ THE OPENING TRUTH

A woman never stands at one crossroads.
She stands at **four**:

1. What she thinks she should do
2. What she fears she'll have to do
3. What she's been conditioned to do
4. What her soul is quietly choosing

Week Three reveals the fourth.

Your soul has been whispering for months.
This is where we turn the whisper into direction.

★ THE CENTRAL QUESTION

"Should I move to Jacksonville after April?"

To answer this, we map the decision through **your ingredients**, not your fears.

★ YOUR FOUR DECISION LANES

Every decision has four possible lanes:

LANE 1 — The Open Lane

(Where life is moving without resistance)

LANE 2 — The Blocked Lane

(Where doors close even if you push)

LANE 3 — The Delayed Lane

(Not a no, not a yes — a “not yet”)

LANE 4 — The False Lane

(The path that looks right but drains destiny)

Below is your full Divine Decision Map™

— the one clients will crave.

The one only *you* can deliver.

● LANE 1 — MOVE TO JACKSONVILLE AFTER APRIL

The Open Lane

What aligns with your ingredients

Your ingredients resonate with Jacksonville in 15 different ways.

You gave the evidence unconsciously.

Your spirit gave it prophetically.

Here is the alignment grid:

✓ DESTINY INGREDIENTS ALIGN

- stability

- accessible housing
- walkable areas

This lane is realistic AND spiritual.

🧠 THE MESSAGE OF LANE 1

"I am not running away.
I am returning to myself."

🌐 LANE 2 — STAYING WHERE YOU ARE

The Blocked Lane

What your ingredients push against

This lane carries:

- ✖ **energetic heaviness**
- ✖ **nervous system agitation**
- ✖ **expired spiritual contract**

© 2025 My Ingredient List * info@MyIngredientList.com

myingredientlist.com * (656)-245-6462

✖ emotional stagnation

✖ logistical instability

✖ internal resistance

✖ a sense of "I cannot stay here"

Staying is not neutral for you.

It is draining.

Your ingredients reject this lane.

This lane is **blocked**.

🌙 LANE 3 — RESET IN A DIFFERENT CITY (NOT JACKSONVILLE)

The Delayed Lane

What could work, but isn't aligned right now

Other locations could theoretically "work."

But there is:

✖ no emotional pull

✖ no spiritual thread

✖ no somatic yes

✖ no relational anchor

✖ no destiny activation

✖ no meaningful reason

You can choose this lane —

but it will feel like floating, not landing.

This lane is **technically open**

but **spiritually neutral**.

Neutral = not destiny.

This lane is **delayed or unnecessary**.

🌙 LANE 4 — WAITING 90 DAYS TO DECIDE

The False Lane

Looks reasonable, but drains destiny

On paper, this looks smart.
But spiritually, it is avoidance.

Here's why:

- your body already said yes
- your energy is low; waiting increases anxiety
- waiting = staying in an expired environment
- the decision window is opening NOW
- your destiny thread is active NOW
- your next chapter needs grounding, not drifting

Waiting delays clarity.

This lane is **false**.

★ THE ALIGNMENT SCORE

Every lane receives a **Destiny Alignment Rating** from 0–100.

Lane 1 — Jacksonville: 94/100

(open, resonant, somatically aligned, spiritually confirmed)

Lane 2 — Stay Here: 11/100

(blocked, expired, misaligned)

Lane 3 — Another City: 49/100

(neutral, possible, but not destiny)

Lane 4 — Wait: 22/100

(clear yes already present; delay creates friction)
